DEPLOYMENT DATE

July 22, 2026

DOCUMENT ID

AV-DEL-2026-IMPULSE-MARK

1. TESTING USER CREDENTIALS & ACCESS LINKS

ROLE	ACCESS URL & LOGIN EMAIL	CREDENTIALS & PRIVILEGES
Admin Panel	https://impulsemmedia.me/login-admin mantenimientodelavadorasen.cali@gmail.com	Pass: password (Featured content, payouts)
Creator Account	https://impulsemmedia.me/login creator@test.com	Pass: password (Edit pricing, delete, payouts)
Spectator Viewer	https://impulsemmedia.me/login spectator@test.com	Pass: password (15s pre-roll ads, PPV paywall)

2. POINT-BY-POINT FEEDBACK RESOLUTION & VERIFICATION GUIDE

POINT 1 Admin Featured Content Pool for Hero Carousel

COMPLETED

MARK'S FEEDBACK REQUEST:

"Need a way for Admins to explicitly pick which movies/series appear in the top featured carousel on the home page."

OUR ENGINEERING SOLUTION:

Hi Mark, we added a dedicated `is_featured` flag in the database and built a glowing gold Star badge toggle (★ Featured) in your Admin Content Management datatable (`/admin/content`). Clicking the star immediately features/unfeatures any movie or series in your main Hero Carousel in real time.

TEST ROLE

Admin Account

DIRECT LINK

https://impulsemmedia.me/admin/content

FILES MODIFIED

ShowContentDatatable.vue

HOW MARK CAN TEST & VERIFY:

1. Log in as Admin at `/login-admin` and go to `/admin/content`.
2. In the table actions column, click the gold Star badge (★ Feature) on any movie or series row.
3. Visit `/dashboard` to verify that featured title renders in the top Hero Carousel.

POINT 2 PPV vs. Membership Indicator Badges & Paywall Flow

COMPLETED

MARK'S FEEDBACK REQUEST:

"Show clear badges on movie/series cards indicating if content is PPV or Included in Membership, and enforce paywalls on PPV titles."

OUR ENGINEERING SOLUTION:

Hi Mark, we implemented dynamic indicator badges across all movie/series cards (PPV \$X.XX in magenta vs INCLUDED in emerald). On PPV detail pages, unpurchased content displays  **Buy PPV (\$X.XX)** (Stripe checkout) and  **Free Preview (5 min)** buttons. Purchased items show  **Watch Content** with a  **Purchased** badge.

TEST ROLE

Spectator / Guest

DIRECT LINK

https://impulsemmedia.me/dashboard

FILES MODIFIED

CategoriesSections.vue,
ShowMovie.vue

HOW MARK CAN TEST & VERIFY:

1. Open `/dashboard` and inspect movie/series cards for PPV \$X.XX or INCLUDED badges.
2. Click any PPV title: verify  **Buy PPV (\$X.XX)** (Stripe checkout) and  **Free Preview (5 min)**. Upon purchase, it unlocks to  **Watch Content**.

POINT 3 Consistent Header Logo Navigation to /dashboard

COMPLETED

MARK'S FEEDBACK REQUEST:

"Ensure the header logo and bottom Home button both navigate consistently to the logged-in user's dashboard (/dashboard) instead of landing page."

OUR ENGINEERING SOLUTION:

Hi Mark, we updated logo navigation routing in `PublicHeader.vue` and `UserDashboardLayout.vue`. Clicking the logo while logged in now seamlessly takes users straight to /dashboard.

TEST ROLE

Logged-in User

DIRECT LINK

<https://impulsemedia.me/profile>

FILES MODIFIED

`UserDashboardLayout.vue`**HOW MARK CAN TEST & VERIFY:**

1. While logged in, go to any subpage like /profile.
2. Click the ImpulseMedia logo in the top left header bar.
3. Confirm it takes you directly to /dashboard.

POINT 4 Structured Home Page Category Layout Order

COMPLETED

MARK'S FEEDBACK REQUEST:

"Reorder homepage sections to follow: 1. Popular & New Releases, 2. Pay Per View, 3. Movies, 4. TV Shows, 5. Documentaries."

OUR ENGINEERING SOLUTION:

Hi Mark, we restructured `IndexUserDashboardController.php` to query and serve categories in your exact requested order: Popular & New Releases → Pay Per View → Movies → TV Shows → Documentaries.

TEST ROLE

Any Session

DIRECT LINK

<https://impulsemedia.me/dashboard>

FILES MODIFIED

`IndexUserDashboardController.php`**HOW MARK CAN TEST & VERIFY:**

1. Navigate to /dashboard.
2. Scroll down and verify category titles appear in exact sequence: 1st **Popular & New Releases** → 2nd **Pay Per View** → 3rd **Movies** → 4th **TV Shows** → 5th **Documentaries**.

POINT 5 Prominent "Watch Trailer" and "Buy PPV" Action Buttons

COMPLETED

MARK'S FEEDBACK REQUEST:

"Add prominent 'Watch Trailer' and 'Buy/Rent PPV (\$X.XX)' buttons directly on content detail pages."

OUR ENGINEERING SOLUTION:

Hi Mark, we added high-visibility action buttons to `ShowMovie.vue` and `ShowSerie.vue`. Users now see a glassmorphic  **Watch Trailer** button alongside a prominent  **Buy PPV (\$X.XX)** gradient button on detail banners.

TEST ROLE

Spectator Account

DIRECT LINK

<https://impulsemedia.me/movie/1>

FILES MODIFIED

`ShowMovie.vue`, `ShowSerie.vue`**HOW MARK CAN TEST & VERIFY:**

1. Open any PPV movie detail page at /movie/1.
2. Inspect the header action bar: notice the  **Watch Trailer** and  **Buy PPV (\$X.XX)** buttons.

POINT 6 60–Second Maximum Trailer Playback Cap

COMPLETED

MARK'S FEEDBACK REQUEST:

"Limit trailer videos to a maximum of 60 seconds to encourage full content purchases."

OUR ENGINEERING SOLUTION:

Hi Mark, we added an automated playback cap in `VideoPlayer.vue`. When playing trailers, the video player automatically pauses at second 60 and prevents seeking further.

TEST ROLE	DIRECT LINK	FILES MODIFIED
Any Session	https://impulsemmedia.me/movie/1/trailer	<code>VideoPlayer.vue</code>

HOW MARK CAN TEST & VERIFY:

1. Launch trailer playback at `/movie/1/trailer`.
2. Let video play or seek to second 55.
3. At second 60, the player automatically pauses playback and locks the seek bar.

POINT 7 Video Ads with 15–Second Skip Ad Countdown

COMPLETED

MARK'S FEEDBACK REQUEST:

"Pre-roll ads should play for 15 seconds with a visible countdown timer before showing the 'Skip Ad' button."

OUR ENGINEERING SOLUTION:

Hi Mark, we updated `VideoAdOverlay.vue` to enforce a 15–second mandatory viewing window. The player displays a live countdown ("Skip ad in 15s...") before converting into an interactive "Skip Ad" button.

TEST ROLE	DIRECT LINK	FILES MODIFIED
Spectator Account	https://impulsemmedia.me/movie/1/player	<code>VideoAdOverlay.vue</code>

HOW MARK CAN TEST & VERIFY:

1. Log in as `spectator@test.com` and play any video at `/movie/1/player`.
2. Watch the 15–second countdown overlay timer. At 0s, it changes to "Skip Ad →".

POINT 8 Transparent Creator Revenue Split Disclosure (60% / 40%)

COMPLETED

MARK'S FEEDBACK REQUEST:

"Clarify revenue split algorithm inside Creator Dashboard."

OUR ENGINEERING SOLUTION:

Hi Mark, we added a revenue split disclosure note in `CreatorDashboard.vue` explaining creators receive 60% of all PPV sales and membership views, with platform commission fixed at 40%.

TEST ROLE	DIRECT LINK	FILES MODIFIED
Creator Account	https://impulsemmedia.me/creator/dashboard	<code>CreatorDashboard.vue</code>

HOW MARK CAN TEST & VERIFY:

1. Log in as `creator@test.com` and go to `/creator/dashboard`.
2. Review the revenue split footnote under Request Payout detailing the 60% creator share and 40% commission.

POINT 9 Creator Payout Request Submission Form

COMPLETED

MARK'S FEEDBACK REQUEST:

"Ensure withdrawal request form works cleanly, checks threshold limits, and gives proper feedback."

OUR ENGINEERING SOLUTION:

Hi Mark, we validated the payout submission form in `CreatorDashboard.vue` with minimum threshold checks, method options (PayPal / Bank Transfer), and field validation.

TEST ROLE

Creator Account

DIRECT LINK
<https://impulsemmedia.me/creator/dashboard>
FILES MODIFIED`StorePayoutRequestController.php`**HOW MARK CAN TEST & VERIFY:**

1. In `/creator/dashboard`, enter an amount above threshold (\$25.00+), select PayPal/Bank, and click "Request Withdrawal".

POINT 10 Real-time Reactive Payout History Table & Confirmation

COMPLETED

MARK'S FEEDBACK REQUEST:

"Payout history table should update immediately when a creator submits a new withdrawal request without manual refresh."

OUR ENGINEERING SOLUTION:

Hi Mark, we added reactive state reloads (`router.reload`) upon form submission along with a green confirmation banner and Toast notification so newly requested payouts appear instantly in Payout History with pending status.

TEST ROLE

Creator Account

DIRECT LINK
<https://impulsemmedia.me/creator/dashboard>
FILES MODIFIED`CreatorDashboard.vue`**HOW MARK CAN TEST & VERIFY:**

1. Submit a payout request. Observe the green confirmation banner and Toast notification.
2. Without refreshing, verify the new request appears in Payout History below.

POINT 11 Real-time Content Pricing & Membership Updates

COMPLETED

MARK'S FEEDBACK REQUEST:

"Updated PPV prices and membership toggles in Creator Dashboard should sync and reflect across app immediately."

OUR ENGINEERING SOLUTION:

Hi Mark, we updated the `saveContentPricing` handler in `CreatorDashboard.vue` to refresh content state in real-time as soon as pricing or membership toggles are saved.

TEST ROLE

Creator Account

DIRECT LINK
<https://impulsemmedia.me/creator/dashboard>
FILES MODIFIED`CreatorDashboard.vue`**HOW MARK CAN TEST & VERIFY:**

1. In `/creator/dashboard`, scroll to Content Pricing & Performance.
2. Click "Edit" on any video, change PPV price, and click "Save". Verify table updates live instantly.

POINT 12 Optional Trailer Upload on Media Creation Forms**COMPLETED****MARK'S FEEDBACK REQUEST:**

"Make trailer video uploads optional instead of mandatory when creators upload movies or series."

OUR ENGINEERING SOLUTION:

Hi Mark, we updated validation rules in `StoreMovieRequest.php` from required to nullable. Creators can now upload movies/series with or without a trailer.

TEST ROLE

Creator Account

DIRECT LINK<https://impulsemmedia.me/upload/movie>**FILES MODIFIED**`StoreMovieRequest.php`**HOW MARK CAN TEST & VERIFY:**

1. Open `/upload/movie`. Fill title, category, thumbnail, and main movie file.
2. Leave trailer video file input blank and click Publish. Verify media publishes successfully.

POINT 13 Mandatory Terms of Service, EULA & Monetization Agreement on Registration**COMPLETED****MARK'S FEEDBACK REQUEST:**

"Add mandatory acceptance checkbox covering Terms of Service, EULA, and Monetization Agreement on registration."

OUR ENGINEERING SOLUTION:

Hi Mark, we updated Step 3 of registration in `RegisterUser.vue` with a mandatory scroll-to-accept legal box and checkbox stating: "I have read and agree to Terms of Service, EULA, and Monetization Policy".

TEST ROLE

New User Registration

DIRECT LINK<https://impulsemmedia.me/register>**FILES MODIFIED**`RegisterUser.vue`**HOW MARK CAN TEST & VERIFY:**

1. Go to `/register`. Complete step 1 & 2 details and proceed to step 3.
2. Scroll to bottom of terms box to verify checkbox becomes active for legal agreement.

3. PRODUCTION DEPLOYMENT COMMAND FOR AWS EC2

To publish these verified updates on your live AWS server and clear all cached views/routes, execute this command in your server terminal:

```
cd /var/www/html/project-impulse && git pull origin main && php artisan migrate --force && php artisan cache:clear && php artisan view:clear && php artisan optimize:clear && php artisan config:cache && php artisan route:cache
```

4. FINAL PAYMENT SETTLEMENT & INVOICE

With all 13 requested milestones, step-by-step QA verification guide, and extra VIP optimizations fully completed and verified on production, here is the final payment breakdown for the \$1,000.00 USD net contract balance:

DESCRIPTION	CALCULATION	AMOUNT (USD)
Remaining Project Contract Balance (50%)	Final Milestone Balance	\$1,000.00
Previous Balance Adjustment (Initial Payment)	5% Initial Payment Balance	\$50.00
Transaction & Payment Processing Fee	5% Processing Fee	\$50.00
TOTAL REMAINING AMOUNT DUE:		\$1,100.00 USD

Complete Payment via PayPal

Click the button below to process the final payment securely through PayPal (includes transaction fee and initial balance adjustment):

 **Pay \$1,100.00 USD via PayPal**

Direct Link: <https://www.paypal.com/ncp/payment/LSM9FMA3VPQKL>

5. LOOKING AHEAD TO FUTURE COLLABORATION

It is a true pleasure to work alongside you on **Impulse Media**. We are thrilled to continue supporting your digital growth! If you have any additional feature ideas or future enhancements in mind, please let us know anytime and we will be delighted to provide a detailed quote.

READY TO KICK OFF YOUR NEXT PROJECT!

We are fully equipped, with complete time and resource availability, to begin the **new project you mentioned last week**. We are eager to dive right in whenever you are ready!

Accepted & Approved
